Freedom is lost now...!

## PREMIUM-MP1c

Thanks for purchasing of mp1 and we allotted an account in premium server with 100 sms credits  
Please follow the procedure in step wise manner.

### Step:1 gprs sim activation

Take gprs activated sim with balance of rs 20 inr atleast(to know gprs activated or not install the sim in mobile and open [www.google.com](http://www.google.com) if google site is loaded then gprs is active if site does not load contact gprs service provider. Tracker uses only 30mb/month

Recommended gprs service - airtel gprs -125/month(online recharge offer)  
-aircel gprs-24/month

### Step: 2- Switching on mp1c model.

Insert simcard&battery, and you can see blue light on and blinks

Then call the phone number of sim, you should hear 4 rings and auto disconnected and your will be auto answered

### Step3:quick setup

From your mobile please send sms.

1.For apn settings for example with airtel sim card

#apn#123456#airtelgprs#

You get reply as APN OK

2. for admin ip settings

#adminip#123456#37.59.232.31#10205#

you will get reply as adminip ok

3. Time interval upload

#fix#010s#1000n#123456#

You will get reply as time interval ok

### STEP-4: for live tracking

Place the device in open sky.

Then open <http://www.gpstracker.net.in/gs>

User name: your emailid

Password: 123456

then you can able to see your device live and track them now.
